Terms & Conditions Applied.

Frequently Asked Questions

Q. When will Reussitex ICO starts?

The ICO will be launched on the 20th of March 2018, 12PM (GMT+9). A countdown timer will be available on the user dashboard and an announcement from our official Telegram channel for accurate timing.

Q. Where can I buy/sell my RST?

You can buy RST during ICO as well as internal exchange. You can purchase RST on external exchangers that we will be listing on. Follow our official Telegram channel for more updated info.

Q. How does Reussitex generates profit?

Our expert trading team participants buy & sell commodity and contracts at futures market. The capital and profit growth is amazingly surpassing our expectations!

Q. What sort of futures development Reussitex has?

We do planning to launch P2P cryptocurrency exchangers of our own in the coming months. It is part of our scheduled roadmap in 2018. We expect a long-term relationship with RST holders.

Q. Why is ReussitexCoin supply so low?

We want to reach out to everyone out there who is ready to reap the rewards by tapping into this one-of-a-kind platform with us. We believe that large supply and circulation of coins doesn't have any beneficial effect on us.

Q. What makes Reussitex different from any other competitors?

We truly believe a platform that provides real utility will succeed. We are prepared and ready to launch our platform. In fact, we are developing a secured p2p cryptocurrency exchanger for the community. We foresee a long-term success for Reussitex.

Q. How long it takes before launching the lending & internal exchange platform?

We firmly announce to our value investor that the lending platform and internal exchange will be launch within the same month (March 2018) after ICO ends.

Q. How can I get in touch with you?

We have an official Telegram channel for the announcement. Any user who wishes to talk to our team may drop an email to us at support@reussitex.com
